

VIDYA JYOTHI
INSTITUTE OF TECHNOLOGY
AN AUTONOMOUS INSTITUTION

(Accredited by NAAC A+ & NBA, Approved by AICTE & Permanently Affiliated to JNTUH)

Letter of Recommendation

I am writing to you in support of **Mr. Banala Pavan** and his desire to attend your university for higher education. Though many students ask me to make this request on their behalf, I only recommend students whom I feel are well-suited for the program of their choice. **Mr. Banala Pavan** is one of those students and therefore, I highly recommend that he be given the opportunity to attend your university. He has consistently shown such a strong desire to learn that I simply could not turn down his request for recommendation.

I have taught him “**DYNAMICS OF MACHINERY**” and “**FINITE ELEMENT METHODS**” subjects. His performance in those classes was excellent. He is a bright and intelligent and his insightful approach towards the subject is splendid. With his diligence and brightness, he finished his assignments in time. He joined our institute through the statewide competitive examination for admission to engineering programs.

Apart from academics **Mr. Banala Pavan** is the most popular student I have known in this college. This I attribute to him for excellent communication skills, enchanting leadership qualities and the way he organizes the technical meets and other extra-curricular activities.

As a teacher I would rate him among top 1% of 60 students and strongly convinced that **Mr. Banala Pavan** is sufficiently prepared for his proposed study and that he will make significant contribution to your program. So, I strongly recommend him to pursue in master's degree at your university. I wish him all the best.

Mr. J. Pradeep Kumar

Associate Professor,
Department of Mechanical Engineering,
Vidya Jyothi Institute of Technology,
Hyderabad 500075, India.
